(application filed on or after May 29, 2000)

The patent term adjustment to date is 136 days. Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

Drawings

1. The corrected or substitute drawings were received on 28 May 2002. These drawings are approved.

Allowable Subject Matter

2. Claims 2-3, 8 and 15-20 are allowed over the prior art of record.

3. The following is an examiner's statement of reasons for allowance:

As per claims 2, 15 and 18, and especially in view of applicant's arguments filed 23 May 2001, the closest prior art of record (WO97/22073 to Walker et al or 5,940,811 to Norris) taken either individually or in combination with other prior art of record fails to teach or suggest performing attribute tests to determine whether the result corresponds to an appropriate rejection reason, and if so, assigning the appropriate internal rejection code for the specific rejection reason and providing a rejection reason corresponding to the internal rejection code to the applicant. The closest prior art of record (Walker et al) teaches generally mapping a factor identified by the credit bureau to a general internal rejection code and providing a rejection of the application based upon a general reason for the rejection, however, does not teach performing an attribute test to determine if the result corresponds to an appropriate rejection reason, and if so, assigning an appropriate internal rejection code for the specific reason for the rejection. Claims 3 and 8 are dependent upon claim 2 and thus have all the limitations of claim 2 and are allowable for that reason. Claims 16-17 are dependent upon claim 15 and thus have all the limitations of claim 15 and are allowable for that reason. Claims 19-20 are dependent upon claim 18 and thus have all the limitations of claim 18 and are allowable for that reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
